

**ADMIRE ENTRY . . .** Donald Baker (left) and Dolores Throop admire a 1923 T-Bucket owned by Larry Gluzac of Wilmington which will be entered in the "Fashion-in-Motion" invitational auto show scheduled Saturday at Bullock's Fashion Square. Two local youth auto clubs will join Fashion Square merchants as sponsors of the show.

## Name Judges for Auto Show Here

Jim McFarland, publisher of Hot Rod Magazine, has been named one of four judges for the "Fashion-in-Motion" auto show scheduled here Saturday. McFarland will join Craig Breedlove, world land speed record holder, and Ralph Ghudal and John Mowen to judge the "flame-in" auto show. Some dragsters, midget racers, and other individually conceived vehicles will

## Charity 7 Million Director Counted Named In County

Preston Ellis has accepted the chairmanship of the Torrance March of Dimes campaign, which will begin in January. The appointment was made by Dist. Atty. Evette Younger and retired Sheriff Eugene W. Biscailuz, Los Angeles County March of Dimes Campaign co-chairmen. Ellis commented that the March of Dimes is currently fighting birth defects, which affect more than a quarter-million American babies annually.

"I think most of us would consider it alarming if we heard about an epidemic in which a new case struck every other minute, which was the second greatest destroyer of life, and which caused half of all mental retardation," declared the volunteer chairman.

"Yet," he pointed out, birth defects are responsible for all this, and for much more human damage. Many defects are not apparent at birth. They appear later in life, causing physical or mental disability." In research, scientists supported by March of Dimes grants have developed ways of detecting several defects of body chemistry that can cause mental retardation, and are studying the hereditary and environmental factors which affect a baby's development before birth.

"In addition," Ellis said, "the March of Dimes is conducting a national educational program to inform every expectant mother of the importance of prenatal care in minimizing risks to the newborn child."
